an intellectual history of the modern concept of happiness in human life which maintains that a change in human expectations took place during the enlightenment which made happiness a motivating ideal

the humanities and human flourishing series publishes edited volumes that explore the role of human flourishing in the central disciplines of the humanities and to what degree the humanities can increase human happiness this volume examines the relationship between history and human flourishing and more broadly investigates the ways in which the arts and humanities are related to human well being the essays here represent the efforts of a varied and distinguished group of professional historians to consider a deceptively simple question what is the value of history for life each author asks in what ways historians their work and the objects of their inquiry might contribute to human well being and how they might be encouraged to do so history in this volume refers not just to the past writ large but also to the discipline and practice of historical inquiry along with the production and consumption of works of historical representation thinking of history in these ways the contributors address a wide variety of subjects in connection to issues of well being considering history across time and place as a vocation a source of the sublime a site of play and a repository of meaning with surprising analogues to religious experience overall history and human flourishing uses personal experience insight into the professional and scholarly world of historians and a variety of historical periods and approaches to highlight the value of studying history in discussions of human flourishing the essays in this volume identify history and the historical craft as tremendous potential resources for human well being and of vital importance for our times

happiness and its pursuit have been a constant source of fascination and attraction for thousands of years in ancient greek tragedy happiness was considered a gift of the gods now we consider it a right why did this change and what does it tell us about our society in in pursuit of happiness cultural historian darrin mcmahon offers a

brilliant summation of the history of happiness and its evolution from divine gift to natural human entitlement central to the development of christianity ideas of happiness assumed their modern form during the enlightenment mcmahon follows this great search through to the present day showing how our modern quest for the holy grail of happiness continues to generate new forms of pleasure but also paradoxically new forms of pain perfect happiness like the holy grail may exist only in our minds and mcmahon helps us discover that as for cervantes knight of sad countenance quixote to travel is better than to arrive

the definitive history of the idea of equality and why we're so ambivalent about it equality is in crisis our world is filled with soaring inequalities spanning wealth race identity and nationality yet how can we strive for equality if we don't understand it as much as we have struggled for equality we have always been profoundly skeptical about it how much do we want and for whom darrin m mcmahon's equality is the definitive intellectual history tracing equality's global origins and spread from the dawn of humanity through the enlightenment to today equality has been reimagined continually in the great world religions and the politics of the ancient world by revolutionaries and socialists nazis and fascists and postwar reformers and activists a magisterial exploration of why equality matters and why we continue to reimagine it equality offers all the tools to rethink equality anew for our own age

the worlds of american intellectual history follows american thinkers and their ideas as they have crossed national institutional and intellectual boundaries the volume explores ways in which american ideas have circulated in different cultures it also examines the multiple sites from social movements museums and courtrooms to popular and scholarly books and periodicals in which people have articulated and deployed ideas within and beyond the borders of the united states

offers a structuralist critique of the relationship between pragmatism and liberalism in american legal thought

contemporary europe seems to be divided between progressive cosmopolitans sympathetic to the european union and the ideals of the enlightenment and counter enlightened conservative nationalists extolling the virtues of homelands threatened by globalised elites and mass migration this study seeks to uncover the roots of historically informed ideas of europe while at the same time underlining the fundamental differences between the writings of the older counter revolutionary europeanists and their self appointed successors and detractors in the twenty first century in the decades around 1800 the era of the french revolution counter revolutionary authors from all over europe defended european civilisation against the onslaught of nationalist revolutionaries bent on the destruction of the existing order or so they believed in opposition to the new revolutionary world of universal and abstract

principles the counter revolutionary publicists proclaimed the concept of a gradually developing european society and political order founded on a set of historical and ultimately divine institutions that had guaranteed europe s unique freedom moderation diversity and progress since the fall of the roman empire these counter revolutionary europeanists drew on the cosmopolitan enlightenment and simultaneously criticized its alleged revolutionary legacy throughout the nineteenth and twentieth centuries these ideas of european history and civilisation were rediscovered and adapted to new political contexts shaping in manifold ways our contested idea of european history and memory until today

every business knows that the best customer is a happy customer they return again and again bring their friends and family and deliver tons of free advertising via word of mouth and social media but in order to grow that loyal base you must be keenly aware of your customers needs and preferences drawing on the latest research in the exploding field of positive psychology columbia business school professor bernd schmitt offers three unique approaches any business can use to turning a casual customer into a committed fan the feel good method use the experience of pleasure and positive emotion to hook new customers and watch those feel good moments transform an impulsive buyer into a committed loyalist the values and meaning method attract passionate customers by appealing to their core values like being socially responsible protecting the environment or living a simple life the engagement method get customers to notice a unique or limited offer immerse them in the experience and have them share it with friends and family schmitt shows marketers brand managers and entrepreneurs how to design an authentic and successful campaign that will reach grow and sustain a devoted base of customers
